InfoWave to Exhibit Waveon Products at RFID World Asia 2008

Singapore, April 8, 2008 - InfoWave Pte Ltd ("InfoWave") today announced its participation in RFID World Asia 2008, the region's international showcase of the latest RFID technologies and applications, from April 9-11, 2008, in Singapore. The participation will provide an opportunity for InfoWave to meet its customers and partners across Asia, showcase its flagship telematics products and unveil its upcoming business plans.

Commenting on InfoWave's participation in RFID World Asia 2008, Loh Choon Seng, Managing Director of InfoWave said, "With the rapid economic growth in Asia over the last few years, the region has evolved as one of the fastest growing and most exciting markets for InfoWave. This exhibition will certainly help us to increase awareness for our Waveon products in the Transportation, Logistics, Public Safety, and Homeland Security and Defense sectors."

Since 2002, InfoWave has enhanced its market presence in the region by continually strengthening its relationship with and support to its customers and partners. The company has also embarked on marketing activities aimed at increasing brand awareness and promoting its flagship products such as Waveon 606 v2 Mobile Data Acquisition and 738 v2 Mobile Data Terminal to system integrators, solution partners, distribution channels and end-customers.

Demonstrations and discussions of Waveon products will be available from April 9-11, 2008 between 10.30am and 5.30pm in Hall 603, Stand 4S07, IDA Pavilion. To schedule a meeting with the InfoWave team, please contact:
